SAM LANGFORD AGAIN BEATS BARRY

Boston Tar Baby Puts Away Chicago Fighter in First Round
Morningstar to Defend 18.1 Billiard Title Against Willie Hoppe, 18.2 Champion.

Brisbane, Australia, March 16.—Sam Langford, the Boston heavyweight pugilist, today defeated Jim Barry of Chicago in the first round. This is the second time Barry has been beaten by Langford, their last fight occurring at Melbourne in May, 1912, when the men went eleven rounds.

MORNINGSTAR VS. HOPPE.
To Meet For 18.1 Balk Line Billiard Championship.

Pittsburgh, Pa., March 16.—Ora C. Morningstar, champion 18.1 billiard player of the world, will be called upon to defend his title Wednesday night, when he meets the challenger, Willie Hoppe of New York, who holds the 18.2 championship title. Morningstar won the 18.1 title from George Sutton in Chicago, May 18, 1912. Sutton some time before that took the title from Willie Hoppe. Morningstar, who it is said has held the title longer than any other player, was challenged by Sutton in December and on January 9 in Pittsburgh defeated the Chicago player 500 to 478. The game with Hoppe will be the second that he has been called upon to play since becoming the champion.

Jack McGrath vs. Canadian Apollo. M'sieu Jean Baptiste de la Loubiere, a noble monkier forsooth—in addition to the various sections of his cognomen unrelieved on the first line, has an appendix that runs like this, "the Canadian Apollo," and his specifications from the ground up show that he is entitled to it. Jack McGrath, the Irish Giant, will endeavor to rearrange Jean's figure at Hartford Wednesday evening and then the pride of Canada may not be so beautiful. The other bouts on the programme will bring together John McLeod and Bernhoff Hansen, rated as the best light heavyweight in the game, and George Rothenberg of New York in a bout with Ed Adamson of Chicago.

Hjalmar Lundin shoots the following from New York: "My pick is not well yet. It will take some time before I can wrestle again and I have cancelled several engagements in that last match the people couldn't get much of a line on the kind of wrestler Hansen is because he is no jumping jack and the fellow he wrestled was no match for him. It will be different when he meets McLeod. He will have to travel fast then. You will see if Hansen is the man I say he is. Just watch that match."

Youngsters Defeated by Texas Leaguers
Fort Worth, Texas, March 16.—Vasey, pitching for the Fort Worth Texas league team, allowed no Philadelphia American league recruits to reach first base during the four innings he pitched, and McCafferty, who finished the game, allowed only five scattered hits. The major leaguers lost 7 to 1, their first defeat of the spring tour. Cottrell and Brumerhoff pitched for Philadelphia, allowing nine hits, one a triple. Combs joined the second team here.

Greenfields Wins Canadian Championship.
Montreal, March 16.—E. Greenfields of this city today received many congratulations on his defeat of Joshua Crane of Boston and winning the Canadian championship at racquets. Greenfields won in three straight sets, 15-12, 15-8 and 15-10, a contest that was productive throughout of brilliant play.

The new champion is comparatively a newcomer, but he played with the nerve and assurance of a veteran.

Sir Thomas Surprised.
London, March 16.—Sir Thomas Lipton will reply through the Royal Yacht club this week to the rejection of his challenge for the America's cup by the New York Yacht club, which he has received in a long despatch.

Sir Thomas today expressed some surprise at the comparison by the New York yachtsmen of his challenge in 1897 with the present one. The former challenge, he said, was made under the universal rule which would produce a boat capable of racing every-

where after the America's cup race, while the boat which would have been built had the latest challenge been accepted would have been a freak, to be thrown as the scrap heap after the race.

No decision has yet been reached by Sir Thomas as to whether his challenge will be modified.

FINANCIAL AND COMMERCIAL

NARROW MOVEMENTS.
Small Volume of Trading With No Particular Significance.

New York, March 16.—No important can be yesterday's stock market, as it signified nothing more than a dull and uninteresting series of transactions, the volume of which was not sufficient to suggest trend or sentiment. Throughout the list movements were narrow and trades were confined to a limited number of shares in each issue. Only about 15,000 shares in Reading, 11,000 shares of Union Pacific, and about 10,000 shares of United States Steel were traded in.

These constituted by far the largest individual dealings, and in the half day's session sales in about 32,000 shares were reported. The apparent reason for the disinclination to trade on the part of the professional element was the unsettled position of the Union Southern Pacific plan, which was not confirmed or rejected by the attorney general and the California railroad commission until after the close of the stock exchange, when dispatches announced an adverse decision by the California railroad commission.

The bank statement for the week was also a factor in the trading yesterday, though it was very much derided that only a comparatively small net loss in cash would be shown, due to the receipts of currency from outside sources, which approximately offset the gold exports for the week. The foreign money situation continued to be the chief influence at home and abroad, as the strain in Germany is very acute, and the action of the foreign bourses offers no encouragement for a marked improvement.
